

Physiotherapy professional registration

Health Professions council - link to <http://www.hpc-uk.org/>

All physiotherapists at Royal Surrey County Hospital are registered members of the health professions council (HPC).

What is the HPC?

The health professions council is a UK-wide regulator. The HPC currently registers over 180,000 health professions from 13 different professions. physiotherapy is one of these registered professions.

The council registers professionals who meet their standards for professional skills, behaviour and health.

HPC registration means that members of the public can be sure....

- your health professional is genuine
- they meet national standards
- you can turn to the HPC with any concerns

Checking for HPC registration.

There are easy ways to check and make sure your health professional is HPC registered:

- Online – link to www.hpcheck.org
- Your physiotherapist's HPC certificate
- By phone 0845 300 4472 (registration department)
