What was the average waiting time for assessment after a child suspected of having autism had been referred to the Trust in 2017/18?

How many adults referred to the Trust for autism assessment are currently waiting for assessment?

How many children referred to the Trust for autism assessment are currently waiting for assessment?

The Royal Surrey County Hospital NHS Foundation Trust does not treat adults with, or suspected of having, autism. These patients are treated at Farnham Road Hospital.

The Royal Surrey County Hospital NHS Foundation Trust runs "Child Development Clinics" which sees children with all manner of developmental concerns (including autism). However, as these clinics are also for other concerns, we are unable to pull out the information related only to children with or suspected of having autism.
